# Reynolds Landing House

Your home away from home in scenic Savannah, Georgia

#### About Reynolds Landing House

Reynolds Landing House is located in the heart of the Historic District. Dating from 1853, Reynolds Landing House is only a block away from the splendor of Forsyth

This historic Inn is located on Gordon Row, and is within walking distance of all the attractions downtown. A morning walk to the infamous Mercer House, which is less than a block away, followed by a stroll in Forsyth Park and lunch at Mrs. Wilkes' Restaurant is a great way to start your day!

Slightly further afield lie the attractions of the Juliette Gordon Low house, the Teller Art Museum, the Owen Thomas House, and the picturesque campus of the Savannah College of Art and Design.

Reynolds Landing House features air-conditioned rooms furnished with antiques, oriental carpets and a variety of books. The charming courtyard gardens offer a pleasant retreat after an action-packed day of seeing the historic sights of Savannah.

Accessibility guidance

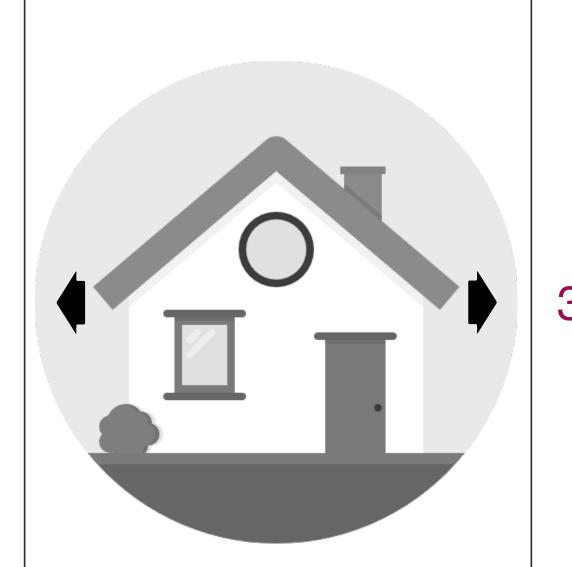

- 1. Provide Skip Navigation button for users not using mouse so that they can get to main content faster
- 2. Include informative ALT tags for carousel images so that users can get a sense of the site in their mind
- 3. Carousel needs to be navigable via keyboard e.g. clickable slide arrows
- 4. ALT tag for "View all 16 pictures" needs to indicate function and not be null. Check for adequate color/contrast ratios so that users with vision disabilities can differentiate between image and button
- 5. Ensure that About section columns read in correct order and not as separate entries so that the paragraphs make sense when using VoiceOver functionality
- 6. Map image should be a clickable link that takes you to full size map with directions, include this information in ALT tag. Do NOT include Address in ALT tag, as this will duplicate information already provided in caption for blind users
- 7. Provide field label descriptions and Read Aloud for typed text so user can hear what they have input
- 8. Party selector needs to be accessible via up and down arrows
- 9. Drop down calendar and subsequent date selections must be accessible with arrow keys
- 10. Radio buttons should be tab key accessible and Read Aloud options when tabbed
- 11. Okay button should contain more descriptive button label and ALT tag such as "Submit Request" or "Submit Form"
- 12. Include Voice Over and tab accessibility for social links in footer
- 13. Top Nav bar should be keyboard accessible
- 14. Do NOT auto animate the image carousel,
- provide a Play/Pause button 15. Make sure hover and visible states are
- obvious for all keyboard navigation 16. Limit carousel images to 5 photos (Nielson Norman Group)
- 17. Condense large text groupings to keyboard scrollable text box in mobile view
